2019 to 2021

School name

Bellevue Heights Primary

Vision statement

Learning and growing together to enrich the world. A vibrant and welcoming learning community of caring, globally aware citizens, striving together and aspiring for excellence as life-long learners

Government
of South Australia
Department for Education

Plan summary

This table will be automatically populated to provide a summary of your plan.

Goals	Targets	Challenge of practice
Increase student achievement in writing.	<p>For all students enrolled in years 1-7, there will be an increase of five students per class achieving above the SEA in a summative writing assessment.</p> <p>There will be an increase of 10% of students achieving Higher Bands (NAPLAN) from yrs 3-7 and those students who achieved Higher Bands (NAPLAN) in 2018 will be retained.</p> <p>All students who were in the Higher Bands for writing in 2019 will be retained and there will be a 10% increase of students in Higher Bands.</p>	If we adopt a common approach to the delivery of writing in all classes with particular attention to text structure, there will be an increase in the number of students in the Higher Bands.
Increase student achievement in the Higher Bands in Mathematics and retain students in the Higher Bands particularly in the number strand.	<p>For all students enrolled in years 1-7, there will be an increase of five students per class achieving 1 grade level above the previous year as measured by the Australian Curriculum</p> <p>There will be an increase of 10% of Higher Band achieving students who sat the NAPLAN test in 2018, achieving the Higher Bands in Mathematics in 2020.</p> <p>There will be an increase of 10% of Higher Band achieving students who sat the NAPLAN test in 2019, achieving the Higher Bands in Mathematics in 2021.</p>	If we commit to the Big Ideas in Number and allow multiple entry points (i.e differentiation) then we will increase student achievement in Mathematics, particularly in the Number strand.
Increase the number of students achieving above the SEA across all learning areas and an increase of students achieving A's and B's across the curriculum	<p>There will be a 5% increase in number of students who correctly answer higher order thinking questions in PAT eg Reading , Maths and Science.</p> <p>There will be a 5% increase in number of students from 2019 who correctly answer higher order thinking questions in NAPLAN and PAT eg Reading, Maths and Science.</p> <p>There will be a 5% increase in number of students from 2020 who correctly answer higher order thinking questions in NAPLAN and PAT eg Reading, Maths and Science.</p>	If we embed a culture of thinking in all classes with a particular focus on questioning and intellectual stretch, student achievement across all curriculum areas will improve.
